2. Issuance method – Tap issue

The bond will be sold exclusively through Primary Dealers. During the Issuance period Primary Dealers may submit their applications in MTS. 4. Reservations at Tap issue

The right is reserved, without giving reasons, to cancel proposals in whole or in part and to suspend or terminate the tap issue at any time. In addition the right is reserved to unilaterally cancel applications that are not in line with these issue conditions or inconsistent with the market level at the time of execution. To be inconsistent with the market level, the application price must have differed by a minimum number of ticks from the last application executed on MTS within the previous 5 minutes, depending on the maturity of the security, as set out in the table below.

To identify the market level in the absence of applications executed within the previous 5 minutes, the second-best proposal present at the time of execution will be considered, taking account of the appropriate side of the market. In case of a unilateral cancellation the DSTA shall notify the counterpart and MTS, via telephone or e-mail without delay, and in any event not later than 15 minutes before the end of opening hours of MTS.
